

**(PSY 1105)**  
**B.A. Degree (CBCS) Examinations**  
NOVEMBER - 2018  
EXAMINATION AT THE END OF I SEMESTER  
PART - II PSYCHOLOGY - I  
**GENERAL PSYCHOLOGY - I**

TIME : Two and half hours

Maximum : 60 Marks

**SECTION – A**

**I. Answer any Five of the following**

**5x4=20 M**

- |                                |                           |
|--------------------------------|---------------------------|
| 1. What is Psychology          | 6. Conditional Stimulus   |
| 2. Branches of Psychology      | 7. Principle of Proximity |
| 3. Modeling                    | 8. Monocular Cues         |
| 4. Reliability                 | 9. Behavior               |
| 5. Psychology in Everyday life | 10. Perceptual process    |

**SECTION – B**

**II. Answer Any Five (one is compulsory from each question)**

**8x5=40 M**

11. A) Describe the Development of Psychology in India  
(Or)  
B) Popular notion about discipline of Psychology
12. A) Discuss Nature of Psychological Data  
(Or)  
B) Uses of Psychological in everyday life
13. A) Describe the Goals of Psychological  
(Or)  
B) Structure and Functions of Nervous system discuss
14. A) Write about Endocrine System  
(Or)  
B) Write about sustained attention
15. A) Describe Socio-cultural Behavior  
(Or)  
B) Reinforcement effect on learning

\*\*\*\*\*

**B.A. Degree (CBCS) Examinations**

NOVEMBER / DECEMBER - 2019

EXAMINATION AT THE END OF SEMESTER - I

PART - II - PSYCHOLOGY - I

**GENERAL PSYCHOLOGY - I**

TIME: Two and half hours

Maximum : 60 Marks

**SECTION-A**

Answer any **Five** of the following

5 x 4 = 20 M

1. Organizing factors in perception
2. Weber- Fechner law
3. Transfer of learning
4. Observation
5. Autonomic Nervous System
6. Neurotransmitters
7. External and internal factors in perception
8. Conditional Stimulus
9. How Is Mind Related To Body?
10. Distinguish Between Voluntary And Involuntary Attention

**SECTION-B**

Answer Any **Five** Questions (One is compulsory from each question)

5 x 8 = 40 M

11. A) Define Psychology. Is Psychology a Science? How far can it predict and control behaviour?  
Or  
B) Explain Different Schools Of Psychology.
12. A) Explain Various Methods of Studying Psychology  
Or  
B) Write Differences Between Survey Method and Experimental Method.
13. A) Describe the human nervous system in broad outline.  
Or  
B) What are endocrine glands? How do they influence behaviour and personality?
14. A) Explain Differential threshold and kinesthetic sensation.  
Or  
B) Discuss the nature of perception. How does sensation differ from perception?
15. A) what is the nature of learning? Explain and illustrate the several laws of learning.  
Or  
B) What do you understand by conditioning? Explain the phenomena of reinforcement and extinction by giving examples.

**(PSY 2105)**  
**B.A. Degree (CBCS) Examinations**  
APRIL - 2019  
EXAMINATION AT THE END OF II SEMESTER  
PART - II PSYCHOLOGY - 2  
**GENERAL PSYCHOLOGY - II**

TIME : Two and half hours

Maximum : 60 Marks

**SECTION-A**

Answer any five of the following.

5X4=20

1. Concrete thinking
2. Importance of interviews in personality assessment
3. Explain I.Q.
4. Chunking
5. Thorndike's theory of intelligence
6. Long term memory
7. Nature of emotions
8. Deductive reasoning
9. Psycho social motives
10. Eysenck's theory of personality

**SECTION-B**

Answer any five of the following ( one is compulsory from each question)

5X8=40

11(a). what is forgetting and explain the causes of forgetting?

Or

(b). Explain the methods of measuring memory ?

12 (a) . Explain various stages of problem solving?

Or

(b). Explain the stages in creative thinking?

13 (a) .Describe Maslow's Hierarchy of needs?

Or

(b). Briefly explain the James-lange & cannon-bird theory of emotions?

14 (a). Define mental retardation. Describe causes of mental retardation?

Or

(b). What is intelligence? Explain some of the prominent intelligence tests?

15 (a). Explain any four defence mechanisms?

Or

(b). What is personality assessment? Describe the role of projective techniques in personality Assessment?

**B.A. Degree (CBCS) Examinations**  
NOVEMBER - 2020  
EXAMINATION AT THE END OF II SEMESTER  
PART - II PSYCHOLOGY  
**GENERAL PSYCHOLOGY - II**

TIME : Two hours

Maximum : 60 Marks

**Section - A**

**Answer any FOUR of the Following**

*4 × 6 = 24 Marks*

- |                       |                          |
|-----------------------|--------------------------|
| 1. Short term memory  | 6. Explain I.Q.          |
| 2. forgetting         | 7. Projective tests      |
| 3. Problem solving    | 8. Recall-Recongnization |
| 4. Creative thinking  | 9. Memory Span           |
| 5. Nature of Emotions | 10. Retrieval process    |

**Section - B**

**Answer any THREE of the Following**

*3 × 12 = 36 MARKS*

11. A) Define thinking and explain types of thinking  
(or)  
B) Explain the terms sleep and dreams  
(or)
12. A) Define mentally retardation. Explain causes  
(or)  
B) Explain types of intelligence tests
13. A) Write about structure of personality  
(or)  
B) Explain the methods to improve memory
14. A) Write a note motivational cycle  
(or)  
B) Explain Intellectual deficiency
15. A) Write on essay effects of negative emotions  
(or)  
B) What is the role of heredity and environment in Intelligence

AUGUST - 2021 (Backlog)  
EXAMINATION AT THE END OF SEMESTER - I  
PART - II PSYCHOLOGY - I  
**GENERAL PSYCHOLOGY - I**

TIME : Three hours

Maximum : 60 Marks

**SECTION – A**

**I. Answer any Five of the following**

**5x4=20 M**

- |                              |                                 |
|------------------------------|---------------------------------|
| 1. Autonomic Nervous System  | 6. Biological Bases of Behavior |
| 2. Forward Conditioning      | 7. Reliability                  |
| 3. Monocular Cues            | 8. Gestalt Psychology           |
| 4. Limitations of psychology | 9. Modeling                     |
| 5. Cultural Roots            | 10. Principal of Proximity      |

**SECTION – B**

**II. Answer Any Five (one is compulsory from each question)**

**8x5=40 M**

11. A) Development of Psychology in India  
(Or)  
B) Describe the Branches of Psychology
12. A) Write on essay Psychology in everyday life  
(Or)  
B) Reinforcement effect on learning
13. A) What are Goals of Psychology  
(Or)  
B) Write about experiment method in detail
14. A) Describe structure and functions of Nervous system  
(Or)  
B) Write about sustained attention
15. A) Discuss the Physiological cues about attention  
(Or)  
B) What is learning? Write it's Features

21-08-2021

# B.A. Degree (CBCS) Examinations

AUGUST 2021

EXAMINATION AT THE END OF SEMESTER - I

PART II PSYCHOLOGY - I  
GENERAL PSYCHOLOGY - I

Time: Three hours

Maximum: 60 Marks

## Section A

Answer any FIVE Questions

5\*6=30

1. Introspection
2. Interpose
3. Spinal cord
4. Heredity influence
5. Sensory threshold
6. Colour blindness
7. Type of attention
8. Binocular cue
9. Observational learning
10. Substitution in learning

## Section B

Answer All Questions

1\*6=60

11. (a) Explain the schools of psychology?  
(b) Explain the experimental method with suitable examples?
12. (a) Explain the autonomic nervous system?  
(b) What are the major endocrine glands and functions of hormones?
13. (a) Explain the process of hearing?  
(b) Explain signal detection theory with some examples.
14. (a) Feature, Characteristics and types of attention.  
(b) Explain perceptual constancy with suitable examples?
15. (a) Classical conditioning and its principles?  
(b) Explain transfer of learning with suitable examples?

(PSY N 2105)  
**B.A. Degree (CBCS) Examinations**  
OCTOBER - 2021  
EXAMINATION AT THE END OF II SEMESTER  
PART - II PSYCHOLOGY  
**GENERAL PSYCHOLOGY - II**

TIME : Three hours

Maximum : 60 Marks

Answer any FIVE of the following.  $5 \times 4 = 20 M$

1. Mentally gifted.
2. Illumination.
3. Initial sport.
4. Forgetting.
5. Hypnosis.
6. Nature of Emotions.
7. Biological bases of hunger and thirst needs.
8. Obsboris Brain storming technique.
9. Types of Emotions.
10. Flash- bulb memory.

**SECTION-B**

Answer all questions.

5X8=40M.

11. Why does forgetting take place?

(Or)

Define Mnemonics? Suggest a plan to improve your own memory?

12. What is motivation? Explain types of motivation?

(Or)

Define emotion and describe theories of emotion?

13. What do you mean by STM & LTM, What are the differences between Thon?

(Or)

What is Mental retarded and explain causes of Mental retardation?

14. Explain the nature of thinking?

(Or)

Identify obstacles that one may encounter in problem solving?

15. Describe any 2 theories of Intelligence?

(Or)

Explain the stages of Creative thinking?

TIME :Three hours

Maximum : 60 Marks

**Section - A**

**Answer any Five of the Following**

**5x4=20 M**

- |                         |                                 |
|-------------------------|---------------------------------|
| 1. Types of Memory      | 6. Jameslonge theory of emotion |
| 2. What is Meditation   | 7. Creative thinking            |
| 3. Observation          | 8. Explain the role of reward   |
| 4. Memory Span          | 9. Recall-Recongnization        |
| 5. Nature of forgetting | 10. Personality Test            |

**Section - B**

**Answer any five (One is compulsory from each question**

**8x5=40 M**

11. A) Explain Insight ful learning theory  
(or)  
B) Define problems solving and write steps in solving technics  
(or)
12. A) Define mentally retardation. Explain causes of retardation.  
(or)  
B) Explain types of intelligence tests with examples
13. A) Describe the term sleep and dreams  
(or)  
B) Define personality. how to meassure personality
14. A) Explain the method of measuring memory  
(or)  
B) Write a note maslow's theory motivation
15. A) Describe con non bard theories of emotions  
(or)  
B) Write a note effects of negative emotions

**(PSY N 1105)**  
**B.A. Degree (CBCS) Examinations**  
APRIL - 2022  
EXAMINATION AT THE END OF SEMESTER - I  
PART - II PSYCHOLOGY - I  
**GENERAL PSYCHOLOGY - I**

TIME : Three hours

Maximum : 60 Marks

**Section- A**

Answer any FIVE Questions

5\*4=20

1. Functionalism
2. Case study
3. CNS
4. Neuron
5. Parts of Ear
6. Limitations of sensory organs
7. Span of attention
8. Division
9. Proximity
10. Symmetry

**Section- B**

Answer All Questions

5\*8=40

11. a) Briefly discuss historical foundation of psychology?

Or

b) What are the methods of psychology?

12. a) Describe the functions and structure of Neuron.

Or

b) Write the Abnormalities of major glands?

13. a) Explain theory of Audition?

Or

b) What is Signal detection theory?

14. a) Define a theory of Attention?

Or

b) What are the types and determinants in attention?

15. a) Describe various psychological clues in perception?

Or

b) Explain perceptual constancy?

\* \* \* \* \*

**(PSY N - 2105)**  
**B.A Degree (CBCS) Examinations-September - 2022**  
 SEMESTER - II  
**GENERAL PSYCHOLOGY - 2**

Max. Marks: 90

TIME: 2:00

**SECTION - A**

Answer any Five of the following

12.4-20

1. Conceptual Learning
2. Nature of Learning
3. Reinforced Action
4. Memory System
5. Decision Making
6. Multilingualism
7. Aggression
8. Nature of emotion
9. Negative emotions
10. Facial Feedback theory

**SECTION - B**

12.4-40

Answer all the questions

11. a. Explain Observational Learning

(8)

- b. Explain Operant Conditioning

12. a. What are the different ways of evaluating memory? Explain

(8)

- b. Write about the nature of memory. Explain about the types of LTM

13. a. Explain the importance of Culture in thinking

(8)

- b. List out some features of creative thinking

(8 + 4)

**(PSY N 4163)**  
**B.A Degree (CBCS) Examinations-July 2022**  
SEMESTER-IV  
**CRIMINAL PSYCHOLOGY-2**

TIME: 3 Hrs

Max Marks:60

**Answer any FIVE questions**

**5x4=20**

1. Forensic Psychology
2. Psychologist
3. Expert witness
4. Biological analysis of crime
5. Mental health
6. Assessment of crime
7. Various Laws
8. The National Trust Act 1999
9. Narcotic Drugs
10. Domestic Violence Act – 2005

**SECTION – B**

**Answer the following Questions**

**5x8=40**

- 11) Explain the history of Forensic Psychology.  
(or)  
b) Write a note psychologist as an expert witness
- 12) Explain the Biological and sociological analysis of crime.  
(or)  
b) Describe the determinants of criminal behaviour.
- 13) Write a note polygraph examination.  
(or)  
b) Explain the methods to assess risks.
- 14) Describe the Psychological precursors to crime.  
(or)  
b) Explain the nature of psychological assessment.
- 15) Explain the Diagnostic psychological tests.  
(or)  
b) Describe the mental health and Law.
