**SIGNIFICANT CONTRIBUTIONS OF IQAC  
SRR & CVR GDC(A), VIJAYAWADA  
2017-18**

1. Gorumudda scheme for those students who attend classes at 7 am. For this scheme college teaching staff donate Rs. 500/- each per month.
2. As part of Earn while Learning initiative, College authorities arranged part time employment in Sri Kanaka Durga temple, Vijayawada for 35 students in need with a salary of Rs.3500/- per month for each student.
3. Production and Selling of SRR & CVR Surf powder by the department of Chemistry and Training in Employable Skills/Take away skills by other departments.
4. Environment protection is taken care of by arranging of Vermi-compost units in the college premises. The Vermi compost thus obtained is given to farmers.
5. Awareness on Nutrition food by Aquaculture in the college premises.
7. Gym facility is made available to our students at a minimum price of Rs.100 per month, Rs.300/ for staff and free for players.
8. As part of eco friendly measures, Sanitary napkin destroyer, and Sanitary napkin vending machine were installed in girls' toilets. This is monitored by Women empowerment cell.
9. Joy of Sharing (Blood donation/financial support to needy) is a regular aspect taken up by the NSS Units of the college.
10. As part of eco friendly measures and environment protection, e-waste collection centre is established in the college by Department of Physics and electronics.
11. Four virtual class rooms are made available in the college campus.
12. Free wifi for students and staff in the college campus. This practice helps to browse 24X7 internet facility for improvement of subject knowledge for our students.
13. Social work department students conducted awareness campaign against child marriages in collaboration with Child and Women welfare departments.
14. Free Civil coaching for PG students is offered by the College through Sri Joshi garu who already cleared Civil Prelims and mains at different stages.
15. Swach Bharat is a regular practice in our college on every Saturday evenings.
16. (water/power/fuel/wild life conservation) Solar power panels are installed during 2016-17. This step helped to reduce the electricity bills drastically. With rain harvest pits ground water level in the campus increased and college ground is covered with greenery.
